

# CUTLERY

Cutlery is an everyday fact of life, often taken for granted, but essential as a tool for modern living. Whilst it can be prosaic and utterly utilitarian, it may also possess high style which evokes the mood or environment in which it is designed to be used.

Trenton International offers a wide array of different cutlery lines, each with a specific purpose in mind. If contemporary elegance is on offer, then lines like Dragonfly or Lucca are perfect. If, on the other hand, sophisticated and bold hold sway in your establishment, then Lucca Faceted or Titan Arezzo may suit the dining atmosphere.

Can cutlery be youthful, stark, or even industrial in appearance? The answer at Trenton is an emphatic yes, with lines like Titan Arezzo Black or Lucca Faceted Black. Or how about the understated elegance of refreshed traditional ranges like Grand City and Still? Then there is the youthful and fashionable, using the contemporary brushed gold and rose gold that one sees in tech devices, but transplanted in the Lucca Faceted and Titan Arezzo lines available in those colours.

Whatever your cutlery needs, bold and new, traditional and elegant, or youthful and fashionable, Trenton has a line to suit any dining environment.
