Moda Porcelain

Moda Porcelain from Trenton International is an organic range reminiscent of artisanal ceramic with the benefit of commercial quality, and the only range of its kind that comes with a 5 year edge chip warranty.

Willow and Snow are the latest additions to the exciting first release of Icon, Chic and Lush. Shapes within the range have been specifically matched to best suit each colour and finish, adding an even more eclectic feel to this beautiful range.

A key feature to the Moda Porcelain range is that in the production process each piece reacts differently and the colours and patterns have an individual variance which adds to the bespoke look.

Both Willow and Snow have 2 different styles of plates - the stack and oval. The high sided stackable plates come in three sizes that showcase any meal. The new oval coupe plates also in three sizes, offer a wide range from entree dishes, burger plates or even a tomahawk steak. The options are endless!

Share bowls, organic bowls and deep bowls - 3 different shapes to suit any cuisine requirement. From fine dining elegance to cafe chic, the new Moda Porcelain will add colour and individuality to any food experience. All colours are designed to mix and match, and bring a unique look to every tabletop.

NEW
SNOW

Snow by Moda Porcelain is a two tone matte and gloss white crockery, with swirl or splash designs to create an eclectic look. An extensive range with pieces suitable for all cuisine types, and new larger pieces that work for displays and buffets.
