

STUDIO PRINTS^{by} CHURCHILL[®]

Trenton is proud to present Raku, a new range in the Studio Prints collection. Churchill (UK) manufactures this beautiful design, inspired by the Raku firing process, using an innovative print process to achieve an artisan like finish. Manufactured in the UK, Studio Prints are achieved by positioning the print directly under the glaze, which creates a protective layer over the decoration.

Studio Prints Raku are perfectly suited to the hospitality environment, with all the durability and technical reassurance required by hospitality environments.
