## Stone

Manufactured in the UK, Stone is inspired by the traditional process of hand carving ceramics from natural stone. The designs are achieved through an innovative print process, emulating tones and textures of nature. The print is positioned directly under the glaze, creating a protective layer over the decoration.

This collection has all the durability and technical reassurance required for the hospitality environment.

Natural tones are the ideal platform for food presentation. Studio Prints Stone is available in three stunning colours, Agate Grey, Aquamarine and Quartz Black; the perfect neutral tones to showcase creative cuisines.

Stone is also designed to complement a range of other Churchill collections for mix and match tabletop displays.

### MADE IN ENGLAND

Churchill has a long history of bringing the highest quality products to the hospitality industry. Based in the heart of the Potteries in Stoke-on-Trent England since 1795, Churchill has progressively developed and continues to manufacture many of its lines in the United Kingdom.

### 5 YEAR EDGE CHIP WARRANTY

All items marked with a star throughout the Churchill pages are covered by a 5 year edge chip warranty. Items will be replaced for a period of 5 years from the original date of purchase for any edge chips that occur during "normal" food service use, this warranty covers chipping only, not breakages.

### CHURCHILL SUPER VITRIFIED
