

Bloom & Linea

Introducing the new Lampa Bloom and Linea Rechargeable Lamp Collection, a sophisticated range of decorative table lamps designed to bring warmth, style and atmosphere to modern hospitality environments. Combining classic lampshade styling with flexible cordless technology, each lamp features a luxurious satin shade, selectable deep amber and warm white colour temperatures, stepless dimming from 5% to 100%, brightness memory and compatibility with the Lampa remote-control system.

The collection includes Bloom in a clean white powder-coated finish and Linea in Brushed Gold and Sand. Designed for commercial hospitality, both models are rechargeable, compatible with existing Lampa charging trays and supplied with a USB-C charging dock. With more than 8 hours of operating time at full brightness and replacement shades available for long-term presentation, Bloom and Linea offer a refined balance of style, practicality and performance for restaurants, bars, hotels and premium dining spaces.
