

Buffet Lamps

Illuminate every detail of your buffet presentation with the new Lampa Buffet Lamp Collection. Designed for hospitality and foodservice environments, these stylish rechargeable lamps provide targeted, heat-free lighting for buffet displays, grazing tables, dessert stations and food presentations. Fully adjustable heights, 360° rotatable magnetic lamp heads and single or double-head configurations provide flexibility to direct light exactly where it is needed, while stepless dimming from 5% to 100% and selectable 2200K or 2700K colour temperatures make it easy to create the ideal ambience.

Compatible with the Lampa remote-control system and existing Lampa 6 and 15-unit charging trays, each rechargeable lamp head is also supplied with its own USB-C charging base. With 5+ hours of operation at full brightness, memory function and elegant modern styling, the Lampa Buffet Lamp Collection brings sophistication, atmosphere and focus to every buffet display.
