POTTR

Elevate your dining experience with
POTTR by Sam Gordon, a collection of
artisanal hospitality pottery.

Ceramics has always been a part of Sam Gordon's life. He was born into a family with generations of potters.

He grew up in a production pottery and over multiple decades he developed the technical knowledge and expertise in working with ceramics. However, his true love has always been working with the organic nature of clay as it feels alive.

About the POTTR Collection

POTTR is a testament to Sam's heritage. Each piece is masterfully designed and made to enhance the presentation & enjoyment of culinary creations. From clay selection to glazing, every detail is meticulously considered to meet the unique needs & preferences of professional chefs.

Just as a chef selects the finest ingredients for their culinary dish, POTTR sources high-quality clay and expertly shapes each ceramic piece. The final touch, the firing process, completes the transformation, adding depth and character to each piece.

ASPEN

Born from the hands of skilled artisans, Aspen by POTTR is a celebration of modern dining. Its soft coupe silhouette is detailed with subtle concentric ribbing that draws the eye inward towards the centre of the dish. An exposed foot grounds each piece in nature, honouring the range's handmade origin.

Available in White and Black Smoke, Aspen offers dramatic contrast to food presentations. Black Smoke is finished with a hand-applied reactive glaze that pools and drips along the rim, making every piece entirely unique.

Fully vitrified and made for professional kitchens, Aspen is crafted for chefs who value texture, tradition and considered design.

BUTLER

Discreet in form, precise in function, Butler by POTTR is designed to elevate food without ever competing with it. Crafted in a stark, hand-applied white glaze, the range features a sculpted inner rim that defines the plating area, gently carved from the clay itself. This subtle recess balances proportions, creating a frame around the edge that anchors sauces and elements to the centre of the dish.

Comprising six stackable plates, a bowl, and two sizes of ramekins, Butler is both elegant and practical. Fully vitrified and made for commercial service, it's ideal for chefs who seek control in their presentation.

FINN

Master the art of plating with the chef-driven Finn collection by POTTR. Hand crafted by skilled artisans, Finn features a flat body and gently tapered sides that maximise plating area and set the stage for food to shine.

This versatile range is available in two glaze finishes: White and Black Smoke. Each is expertly applied by hand, offering an authentic finishing touch and striking contrast for vibrant ingredients. An exposed foot at the base reveals the raw clay beneath, a quiet reminder of the maker's touch.

Fully vitrified and built for the demands of service, Finn brings together commercial insight with the artisanal feel of handmade ceramics.

GEMBROOK

Gembrook embodies the organic nature of clay with its unique craftsmanship. A remarkable fusion of form & function, featuring a fully vitrified clay body and decorated with a reactive glaze.

Each item is decorated with a sheer white, hand-applied glaze, allowing the beauty of the clay to show through. The bottom of each piece and small portions of the top are unglazed, to authenticate where the potter would hold each piece while glazing, resulting in double dips, drips, and exposed clay lending to its hand-thrown authenticity.
