

*ATHENA®*

Create memorable buffet experiences with Athena's thoughtfully designed presentation solutions. Combining premium materials with practical functionality, the Athena collection helps operators showcase food and beverages with style.

The versatile Granico range offers a complete chilled presentation system, featuring a resin granite look bowl, reusable ice gel brick, beverage tub and display platters that can be used individually or together. Perfect for breakfast, lunch or event buffets, Granico delivers flexibility without compromising on presentation.

For breakfast displays, the Crescent range adds a refined natural touch. The acacia wood cereal bowl, complete with acrylic lid and gold finish spoon, pairs perfectly with the optional gold riser to create elevated, eye-catching cereal and dry food stations.
