

Evo Origins unlimited appeal lies in its ability to look at home in any surroundings, whatever the menu style. With the addition of food, it immediately springs to life.

The first launch within the range includes a selection of plates and bowls in a range of shapes. Evo Origins has the industrial toughness to stand up to everyday use in a professional kitchen.

Individuality does not come at the expense of quality. All Evo Origins products are made in England using the Dudson Finest Vitrified ceramic body.
