

ZUMA our hospitality work horse, is made with a fully vitrified body and rolled edges to produce a strong and commercial grade durable crockery.

The Zuma range consists of 13 colours to select from, establishing the ideal opportunity to mix and match colours for your own innovative style & cuisine.

Zuma is produced using once fired technology, which reduces the impact of the manufacturing process on our environment.

Due to the unique nature of our manufacturing process, each piece may feature slight variations in its shade. These subtle differences add character and charm, making every piece one-of-a-kind, bringing a beautifully organic and curated feel to your table setting.
