

This vintage baguette cutlery set is the epitome of classic elegance. The satin finish appearance is resistant to scratches and marks, this cutlery range is the perfect combination of practicality and aesthetic appeal.

The tapered ridges on the spoons and fork in this design add a minimalist twist to a simple style, whilst the inclusion of a solid metal handle on the knife ensures the set is easy to use. These fine details ensure your cutlery looks stylish, without seeming gaudy. This Vintage Baguette cutlery range will work perfectly with the design in any venue and manages to look right at home in both modern and traditional settings.

Abert are a producer of fine table wear and only use quality materials for their products. This is exemplified by the 18/10 stainless steel used to create this Vintage Baguette range.
