

FORTESSA CUTLERY

Cutlery is something we use every day. It's an essential tool for modern living, and while it can be utilitarian, it can also be stylish and create mood, enhancing the atmosphere in which it's used. Trenton International offers a wide array of different cutlery lines, each with a specific purpose. If contemporary elegance is the mood, then lines like Dragonfly or Lucca are perfect. If sophisticated dining is your establishment's atmosphere, then Lucca Faceted or Titan Arezzo will perfectly match the moment. For a stark industrial appearance, choose either our Titan Titan Arezzo Black or Lucca Faceted Black. Looking for understated elegance? The refreshed traditional ranges like Grand City and Still are perfect, and then there's the youthful and fashionable brushed and rose gold, Lucca Faceted, and Titan Arezzo.

Whatever your cutlery needs, bold and new, traditional and elegant, or youthful and fashionable, Trenton has a line to suit any dining environment.
