Dual Colour Grey & Black Oblong Platter

Dual Colour by COU COU brings together the elegance of traditional design with a modern edge. A considered colour palette paints the surface of each piece, with visible brush stroke textures adding visual nuance and tactile depth to plating.

Minimalist lines and exquisite colour create a natural balance to the tabletop, allowing food to shine. Available in a suite of plates, bowls, platters, and accessories across six neutral and muted colour pairings: Beige & Black, Black & Black, Brown & Black, Grey & Black, White & Black, and White & White.

Dual Colour is made from COU COU's renowned melamine body: free of BPA, resistant to breakage, and dishwasher safe for maximum performance in hospitality settings.
