

moda

The Moda Deco Servingware collection draws on the ornate detailing and material richness of a vintage aesthetic. Inspired by mid-century design and the decorative character of a bygone era of service, Moda Deco translates this sensibility into a range built for the rigours of modern commercial use.

The three dessert dishes introduce a contrasting, refined mirror polish finish, with the ornate detailing carried through the bowls and stems of each individual piece. Small in stature, this collection is ideally suited to single-serve bar snacks, petits fours, and desserts.

Made from durable stainless steel, each piece is fully dishwasher safe and designed to perform across the demands of a commercial kitchen.
